April 17, 2020

Dear parents/guardians,

I hope everyone is well. We received notification from Governor Murphy that schools will be closed for another four weeks. That was not good news for staff who are eager to see our students. As a family we need to remain strong and support our students/children. Our teachers will continue to provide online instruction and our support staff will continue to reach out to students to provide guidance. Although our current remote learning environment cannot replace the daily interactions between students and staff, our staff is committed to deliver education and support.

Please continue to take the necessary precautions to stay safe and healthy. I encourage everyone to follow health official guidelines. As parents, you know your children the best, please reach out to teachers and/or staff if your student is struggling or needs support. Distant learning is new for everyone and the number one goal is for everyone to be physically and mentally healthy. Our website will have links to services that may assist everyone during the unprecedented events we are all facing.

Somerset County Educational Services Commission strives to provide support for every student, parent/guardian, and staff member. Please make time to turn off screens to spend time with your family.

Again, thank you all for all you do. Be well.

Thank you,

Daniel Kerr
Assistant Superintendent
